Pending-OfferFeesListAccept	The compensator has reviewed the documents the claimant selected for court at offer and agreed with the selection.
Pending-OfferFeesListAmend	The compensator has amended the list of documents for court at offer and submitted to the amended selection to the claimant.
Pending-DecideFeesOffer	The compensator has rejected the claimants counter fees offer. The claimant needs to decide if they want to accept the original offer or go to court.
Pending-ReviewFeesOffer	The claimant has accepted an offer, or a compensator has accepted a counteroffer. Now the claimant needs to review the fees offer.
Pending-DecideNonWhiplash	Claimant has initiated a non-whiplash injury decision challenge, and the compensator needs to decide what to do. The OIC case is paused while the challenge is being progressed.

## Interim Payment

Status	Trigger Points
New	Claimant has initiated a new interim payment request and the compensator needs to decide what to do.
Pending-Review	Compensator has accepted the request, and the claimant needs to decide what to do.
Resolved-InterimCancelled	The claimant has rejected the proposal for an interim payment by the compensator.
Resolved-InterimCompleted	The claimant has accepted the offered interim payment from the compensator.
Pending-InterimCourtList	A claimant has confirmed they want to go to court over an interim payment dispute.
Pending-InterimListReview	The claimant has submitted their documents to the compensator that they have selected for court at Interim.
Pending-InterimListAccept	The compensator has reviewed the docs the claimant selected for court at Interim and agreed with the selection.

Pending-InterimListAdjust	The compensator has reviewed the docs the claimant selected for court at offer and disagreed with the selection.
Pending-InterimListAmend	The compensator has amended the list of docs for court at interim and submitted to the amended selection to the claimant.
Resolved-CourtInterim	A claimant has reviewed the agreed OR amended list of documents for court at interim.
Resolved-InterimNonPayment	You've decided to go to court because you have not received the payment. As this is for the interim payment, the OIC claim remains open but the Interim payment sub-case has been resolved.
Pending-Rejected	Compensator has rejected the request, and the claimant needs to decide what to do.
Resolved-InterimRejected	The Claimant has accepted the decision of the compensator to reject the request.
Resolved-OICOfferAccepted	The claimant has accepted an offer for injury/loss so any interim cases still open should be automatically resolved.
Resolved-CourtNoDriverAddress	If the claim continues to court without a driver address and Insurer capacity is RTA Insurer, Article 75 on behalf of MIB or MIB, the case cannot continue in the portal and must be resolved.

## Partial Liability

Status	Trigger Points (from which step does the claim have this status?)
Pending-NewChallengeLiability	the Claimant has initiated a Partial Liability Challenge
Resolved-CompletedLiabilityChallenge	The Partial Liability Challenge is completed  Resolved sub-cases aren't shown on screen so no text/button are required
Resolved-OICOfferAccepted	The claimant has accepted an offer for injury/loss so any liability challenge still open should be automatically resolved.

## Non-Whiplash

Status	Trigger Points
Pending-NonWhiplashChallenge	The claimant has initiated/continues with non-whiplash injury decision challenge, and the compensator needs to decide what to do.

Pending-NonWhiplashReview	The compensator has accepted the request, and the claimant needs to decide what to do.
Resolved-NonWhiplashAccepted	The claimant has accepted the explanation given by the compensator.
Pending-NonWhiplashRejected	The compensator has rejected the request, and the claimant needs to decide what to do.
Resolved-NonWhiplashRejected	The compensator has rejected the request and claimant has no more attempts to challenge.
Resolved-NonWhiplashAmended	The claimant has reviewed the compensator's acceptance and case is now closed.

## Compensator to Compensator only transfer

Status	Trigger Points (from which step does the claim have this status?)
Pending-Approval	Compensator-A has submitted the transfer case and the Compensator-B to decide what to do.
Pending-TransferCompletion	Compensator-B has approved the transfer request and OIC is being transferred to Compensator-B.
Open-Transferred	Compensator-B has approved the transfer request and OIC has been transferred to Compensator-B.
Open-TransferRejected	Compensator-B has rejected the request, and Compensator-A is notified of rejection.
Resolved-Accepted	Compensator-A has been notified of the transfer accepted and transfer case is closed.
Resolved-Rejected	Compensator-A has been notified of the transfer rejected and transfer case is closed.
Resolved-Withdrawn	Compensator-A has initiated a transfer request and then later progressed with the OIC claim.  or  Compensator-A has initiated a transfer request which was not accepted within the 30 days SLA time by Compensator-B. The pending transfer case will be automatically withdrawn.
