

Client Secret Rotation Policy

The client secrets that the application uses to authenticate is a security best practice. But like any other applications, this also needs to be updated in regular intervals of time to avoid a security breach. The current client secrets were generated in 2021 when OIC application went live.

As per the new client secret rotation policy, the client secrets would be valid for 180 calendar days. This applies to the current client secret which would be valid for 180 calendar days from November 15th 2022 (PROD release).

Starting from 30 calendar days before the expiration of the client secret, organisation admins should receive reminder notifications at regular intervals via email. The interval durations are 30, 20, 10, 5, and 3 calendar days. On the day of the client secret expiration the organisation admins will get a last reminder email notification. During these 30 days, both the existing and new client secrets would be valid.

Client ID, the current and new secrets will be available in the API tab for org admins.

The screenshot shows the 'Official Injury Claim' application interface. At the top left is the logo and a 'Make a claim' button. On the top right are links for 'Dev Tools', 'Account Management', 'Manage Organisation', and 'Logout'. Below the header is a navigation bar with 'Home' and 'Manage' tabs, and a 'Menu' icon. The main content area has tabs for 'Offices', 'Active users', 'De-activated users', and 'API'. The 'API' tab is selected, showing 'API Details'. The details include an endpoint, client ID, and a table of current and new secrets with their creation and expiration dates.

API Details

Below you can see the API details to access the Official Injury Claim service. You can share this details with the relevant members of your organisation to proceed to set-up your API connections.

Note this details will enable access to the claims being handled by your organisation. Therefore, please perform the necessary due diligence before disclosing them.

Endpoint
http://mib-whiplash-e-claims-dev.uk-e1.cloudhub.io/api
