(B) connecting its Authorised Users to the Portal through the User Interface,

The Compensator is responsible for ensuring on an ongoing basis that its System is compatible with the Portal and with such technical specification as OICL may issue to the Compensator relating to system interoperability in order for its System to obtain or maintain OICL approval.

- 4.2 The Compensator agrees and understands that OICL, its licensors or persons working on its behalf, may from time to time change, modify, enhance or replace the Portal, the API or other related systems in a way that impacts the Compensator's User Interface (each a "**Change**"). OICL agrees to use reasonable efforts to provide the Compensator with reasonable notice of such Changes.
